

NOTICE

Faculty of Engineering Elective Modules Registration 4th Year 2nd Semester only

Your kind attention is sought for a compulsory step in the procedure to confirm the selection of the elective subjects.

When requesting elective modules through the Elective module interface, students are requested to **UNTICK or DESELECT** the **non-registered elective modules** from the selection list.

Step 1 Read the entire notice first.

Step 2 Visit <https://sims.sliit.lk/> and access your account

If you have not re-set your password to log-in to the account, please refer to the steps given on the Courseweb Notice “**Activating Student Account in the New Student Information Management System** <https://sims.sliit.lk/>” published on 9th May 2023.

Link to notice

<https://courseweb.sliit.lk/mod/forum/discuss.php?d=2237#p3213>

Step 3 If you have already completed the above step, please log into <https://sims.sliit.lk/> and select “**Add/Drop Electives**” link on the left side menu.

Step 4 Select correct academic session as **2023-3 July-Dec**

Step 5 Access the Elective Subjects system as per the specified dates for subject selection. Review the list of available elective modules for the semester.

Carefully untick any elective modules that you are not registered for.

Check again your final choice before submitting your preferences.

Step 6 Click “**Submit**”.

Register for elective modules **on or before 26th July 2023**

If the students have not done these steps by 26th July 2023, the selection given in the preferred list will be automatically applied and will not be amended later.
